Welcome Summer Adventure Camp Families!

Glenwood Country Day School offers an American Camp Association Accredited camp every summer for over 30 years for children ages 2 through 13. We take pride in offering a small, safe, self-contained environment perfect for campers to freely explore our 40 wooded acres in the western end of Howard County. Our campers, enjoy on-site swimming, sports, science/nature, arts & crafts, dance, music, cooperative games, drama, archery, STEM, and more! The campers are grouped by age and rotate to different stations throughout our property with their one teacher who has planned learning activities about countries throughout our world.

Glenwood Country Day School's, "Summer Adventures Camp" Handbook has all the information you need to learn about what we have to offer. Please check out our website for all our information.

Sincerely,

Mrs. Marisa Poland, Camp Director

and

G.C.D.S. Teachers
